I got vaccinated because...

I want my kids to be able to return to a more normal school experience in the fall. They were troopers about remote classes and hybrid school weeks, but they need the kind of hands-on learning that can only come from consistent, face-to-face time with their teachers and friends in a real classroom. Vaccinations mean there's less of a chance another outbreak will kick in another round of remote schooling. Also, I need to stay healthy to keep up with them.
