I got vaccinated because...

2020 was a devastating year. With the economic shut-down and high transmission rate of COVID, things felt overwhelming, frightening, and hopeless. This vaccine was the light at the end of the tunnel, and as soon as I was eligible, I immediately signed up for the shot. I care about my senior parents, my family, and my community, so for me, not getting the vaccine was never an option. Medical professionals have been studying coronaviruses for years, so I trust the science and safeguards that have been carefully vetted and tested. I'm due for my booster in October and will be there with bells on, and a mask, because I never want another 2020 to happen again.
