## I got vaccinated because...

I care about my senior parents, my family, and my community, so for me, not getting the vaccine was never an option. Medical professionals have been studying coronaviruses for years, so I trust the science and safeguards that have been carefully vetted and tested. I'm due for my booster in October and will be there with bells on, and a mask, because I never want another 2020 to happen again.

—Jennifer Taylor, editorial assistant for the *Wisconsin Energy Cooperative News*
