## I got vaccinated because...

I care about my senior parents, my family, and my community, so for me, not getting the vaccine was never an option. Medical professionals have been studying coronaviruses for years, so I trust the science and safeguards that have been carefully vetted and tested. Our healthcare workers are true heroes and staying healthy is the best way to help them. I'm due for my booster in October and will be there with bells on, and a mask, because I never want another 2020 to happen again.

—Jennifer Taylor, editorial assistant for the *Wisconsin Energy Cooperative News*
